

Vehicle Drive Recorder

BlackVue DR970X Plus - 4K for crisper footage.

Our flagship 4K UHD dash camera is now available with an improved Sony Starvis 2 sensor. Redefining expectations for dash camera video quality and storage efficiency, it offers industryleading features and an exceptional user experience for complete confidence.

KEY FEATURES

- Stunning 4K UHD (3840×2160px) resolution front camera, featuring an 8.4MP Sony Starvis 2 CMOS sensor, with a full HD rear facing camera for ultimate protection.
- Records both audio and visual footage.
- Comes with a 64GB SD card and compatible with up to 512GB SD cards.
- Built in GPS and WiFi: GPS provides speed recording and tracks travel via Google Maps. WiFi allows for viewing a live feed, downloading footage and adjusting settings.
- Built in parking mode: impact and motion detection system^{*}.
- Dedicated App (available via iOS and Android) for reviewing captured footage.
- Helps provide evidence in the event of an accident.
- In any sudden accident, footage can be replayed immediately via the App.
- Professionally installed by a trained technician.

*Parking Mode also includes a safety-cut off feature to ensure your vehicles battery does not go flat and will shut down the camera if it detects it's getting low. Some vehicles may also require the optional Battery Backup System to enhance the stand-by time in Parking Mode.
